We design your bespoke playground based on the MODULUDUS modular system. Talk to us!

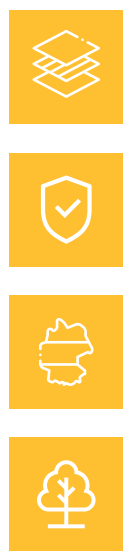

KINDERLAND

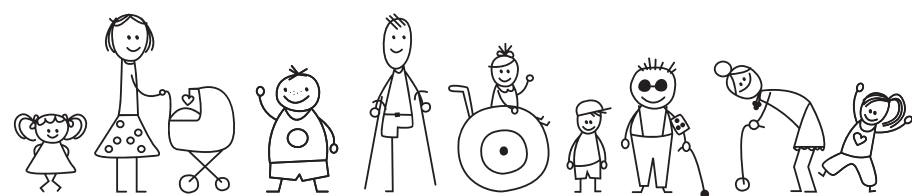

CHILD'S PLAY WITH A DIFFERENCE.

In the Emsland region, we develop and create imaginative playground equipment for everyone to enjoy. Our team of around 90 employees includes product designers and engineers, fitters and carpenters, technical and commercial staff. We enjoy developing and building small, well-thought-out playground equipment as much as we do designing, producing and installing a large leisure park or indoor facility.

Our **BASIC PLAY SYSTEMS** are all about the essentials: playing fun. The standardised elements enable the creation of high-quality, individual play zones at moderate costs.

All illustrations are design examples.

Child's play with a difference.

BASIC PLAY SYSTEMS

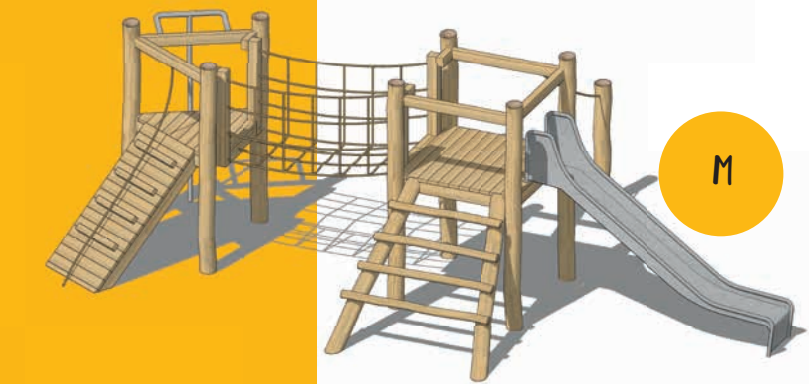

THE PLAYGROUND AWAITS READY, SET, GO!

FROM SMALL TO LARGE

Thirty standardised play systems: fully set up, available for immediate delivery, ready to play! For small to medium spaces. The systems also make an exciting addition to an existing playground.

- + GREAT VALUE FOR MONEY.
- + FAST DELIVERY FOR IMMEDIATE FUN.
- + INDIVIDUALLY EXPANDABLE.
- + HIGHLY ROBUST AND DURABLE.
